Bio Basics gives students the scoop on animals that call Busch Gardens home and Wild Rides focuses on the physics of the park's awesome thrill rides.

## Group Camps (Grades 4 to 12)\*

At Busch Gardens, our structured, multi-night, group Adventure Camps are designed to be what hundreds of teachers have told us they're looking for in a group field trip: educational, safe and secure, easy for the teacher to organize and so cool the students will remember it forever. Students learn while having unique, once-in-a-lifetime instruction and experiences working around the park animal habitats.

## Sleepover at Busch Gardens (Grades 3 to 12)\*

Explore the park after dark! Bring your students for an unforgettable evening of up-close animal encounters and standards-based activities.

## Add a splash of fun to your trip.
